Senate Bill 187: Comprehensive School Safety Plan Purpose

The California Education Code (sections 32280-32288) outlines the requirements of all schools operating any kindergarten and any grades 1 to 12, inclusive, to write and develop a school safety plan relevant to the needs and resources of that particular school.

In 2004, the Legislature and Governor recast and renumbered the Comprehensive School Safety Plan provisions in SB 719 and AB 115. It is the intent of the Legislature in enacting the provisions to support California public schools as they develop their mandated comprehensive safety plans that are the result of a systematic planning process, that include strategies aimed at the prevention of, and education about, potential incidents involving crime and violence on school campuses.

The historical requirement of the Comprehensive School Safety Plan was presented in Senate Bill 187, which was approved by the Governor and chaptered in 1997. This legislation contained a sunset clause that stated that this legislation would remain in effect only until January 1, 2000. Senate Bill 334 was approved and chaptered in 1999 and perpetuated this legislation under the requirement of the initial legislation.

Comprehensive School Safety Plans are required under SB 719 & AB 115 and contains the following elements:

Assessment of school crime committed on school campuses and at school-related functions

- Child abuse reporting procedures
- Disaster procedures
- Suspension and expulsion policies
- Procedures to notify teachers of dangerous pupils
- Discrimination and harassment policies
- School wide dress code policies
- Procedures for safe ingress and egress
- Policies enacted to maintain a safe and orderly environment
- Rules and procedures on school discipline
- Hate crime reporting procedures

The Comprehensive School Safety Plan will be reviewed and updated by March 1st every year. In July of every year, the school will report on the status of its school safety plan including a description of its key elements in the annual school accountability report card.

A copy of the Comprehensive School Safety Plan is available for review at Pinetree Community School office.

Safety Plan Vision

At Pinetree Community School, students and staff will have a safe and secure campus where they are free from physical and psychological harm. The principal and staff are committed to maximizing school safety and to creating a positive learning environment that teaches strategies for violence prevention and emphasizes high expectations for student conduct, responsible behavior, and respect for others.

Assessment of School Safety

The safety of the staff and students is a priority at Pinetree Community School. The following indicates elements that are going well at the site:

- Office referrals are minimal.
- Drills are conducted once per month.
- The ingress and egress procedures at the site are efficient.
- The front office has an efficient system for anyone picking up a student during the school day.
- Classroom doors and exterior hallway doors are locked at all times.
- The Custodian and the Principal conduct a monthly safety inspection and submit reports to the District Office.
- All school visitors check in through the office during school hours.
- The school campus is completely closed evenings, weekends and vacation days.
- Effective safety strategies and communication are in place.
- All office staff and any interested staff trained on Narcan and Epi Pen use.
- All employees are reporting safety issues to administration as quickly as possible.
- Adding safety alarm on push gates.
- Life Vac device added in MPR, Preschool, and other areas

The following items require improvement at the site:

- All employees should discuss and look at scenarios addressed in the Comprehensive School Safety Plan throughout the school year.
- Custodial/Grounds personnel need to be sure to clear tree droppings (seeds) on a regular basis.
- Work to develop a list of staff members who are trained in first aid and/or CPR.
- Develop and share emergency protocol with parents in Parent Square message at the beginning of the year.
- Students moving safely around campus during transitions, ie., walking and not running through courtyard.

Strategies and Programs to Provide and Maintain a High Level of Safety (EC 32281(a)1, items A-J)

- Police are called periodically to observe the traffic patterns during arrival and dismissal in order to ensure that drivers are obeying traffic laws.
- In order to ensure that students engage in safe behavior, the school instituted a Pioneer P.R.I.D.E program.
- Security has been increased by ensuring that all classrooms are locked at all times.
- The Safety Committee will conduct annual inventory of emergency equipment and replace as needed.
- Ongoing assessments of the campus are conducted by the lead custodian, cafeteria personnel, and other staff and reported to the principal.
- The staff is trained each school year on child abuse reporting procedures.

Campus Security

Per Board Policy and Administrative Regulation 3515, the following shall be included in the each of the schools Comprehensive School Safety Plans. These procedures shall include strategies and methods to:

1. Secure the campus perimeter and school facilities in order to prevent criminal activity. These strategies shall include an analysis of the building security system, lighting system, and campus fencing. Procedures to ensure unobstructed views and eliminate blind spots caused by doorways and landscaping shall also be considered. In addition, parking lot design may be studied, including methods to discourage through traffic.

The ingress and egress plan addressed in this safety plan addresses the security of the school campus perimeter. All schools are regularly assessed on a yearly basis regarding security system, lighting system, and campus fencing.

2. Secure buildings from outsiders and discourage trespassing. These procedures may include requiring visitor registration, requiring staff and student identification tags, and patrolling places used for congregating and loitering.

All visitors are required to register in the front office. The office is the only point of entry for the school site. The District utilizes the Raptor system to scan visitor identification and provide an identification sticker for each visitor.

3. Discourage vandalism and graffiti. These methods may include plans to immediately cover graffiti as well as campus beautification projects and shall also include students and the community in these projects.

In order to mitigate vandalism and graffiti, the District has staff walk the campus each morning in order to be able to quickly address any graffiti issues. The District also has security patrol each school site each night to mitigate the threat of vandalism.

4. Control access to keys and other school inventory.

Each school site checks keys out to employees who sign a form acknowledging responsibility for them.

5. Detect and intervene with school crime. These procedures may include the creation of a school watch program, an anonymous crime reporting system, analysis of school crime incidents, and collaboration and communication with local law enforcement agencies.

The District has security that patrols the campuses at night. Finally, staff and students are encouraged to report any concerns to the front office.

(A) Child Abuse Reporting Procedures (EC 35294.2 [a] [2]; PC 11166)

As stated in Board Policy 5141.4 "The Board recognizes that child abuse has severe consequences and that the District has a responsibility to protect students by facilitating the prompt reporting of known and suspected incidents of child abuse."

AR 5141.4 Child Abuse Prevention Reporting Procedures:

1. Initial Telephone Report

Immediately or as soon as practicable after knowing or observing suspected child abuse or neglect, a mandated reporter shall make an initial report by telephone to any police department (excluding a school district police/security department), sheriff's department, county probation department if designated by the county to receive such reports, or county welfare department. (Penal Code 11165.9, 11166)

Department of Child and Family Services: 1-800-540-4000

When the initial telephone report is made, the mandated reporter shall note the name of the official contacted, the date and time contacted, and any instructions or advice received.

2. Written Report

Within 36 hours of knowing or observing the information concerning the incident, the mandated reporter shall then prepare and either send, fax, or electronically submit to the appropriate agency a written follow-up report, which includes a completed Department of Justice form (SS 8572). (Penal Code 11166, 11168)

The Department of Justice form may be obtained from the district office or other appropriate agencies, such as the county probation or welfare department or the police or sheriff's department.

Reports of suspected child abuse or neglect shall include, if known: (Penal Code 11167)

- a. The name, business address, and telephone number of the person making the report and the capacity that makes the person a mandated reporter

- b. The child's name and address, present location, and, where applicable, school, grade, and class
- c. The names, addresses, and telephone numbers of the child's parents/guardians
- d. The name, address, telephone number, and other relevant personal information about the person who might have abused or neglected the child
- e. The information that gave rise to the reasonable suspicion of child abuse or neglect and the source(s) of that information

The mandated reporter shall make a report even if some of this information is not known or is uncertain to him/her. (Penal Code 11167)

The mandated reporter may give to an investigator from an agency investigating the case, including a licensing agency, any information relevant to an incident of child abuse or neglect or to a report made for serious emotional damage pursuant to Penal Code 11166.05. (Penal Code 11167)

3. Internal Reporting

The mandated reporter shall not be required to disclose his/her identity to his/her supervisor, the principal, or the Superintendent or designee. (Penal Code 11166)

However, employees reporting child abuse or neglect to an appropriate agency are encouraged, but not required, to notify the principal as soon as possible after the initial telephone report to the appropriate agency. When so notified, the principal shall inform the Superintendent or designee.

The principal so notified shall provide the mandated reporter with any assistance necessary to ensure that reporting procedures are carried out in accordance with law, Board policy, and administrative regulation. At the mandated reporter's request, the principal may assist in completing and filing the necessary forms.

Reporting the information to an employer, supervisor, principal, school counselor, co-worker, or other person shall not be a substitute for making a mandated report to the appropriate agency. (Penal Code 11166)

CHILD ABUSE REPORTING PROCEDURES ADVISORY:

1. A mandated reporter who reports a known or suspected instance of child abuse or neglect shall not be held civilly or criminally liable for making a report and this immunity shall apply even if the mandated reporter acquired the knowledge or reasonable suspicion of child abuse or neglect outside of his/her professional capacity or outside the scope of his/her employment. Any other person making a report shall not incur civil or criminal liability unless it can be proven that he/she knowingly made a false report or made a report with reckless disregard of the truth or falsity of the report. (Penal Code 11172)

(B) Disaster Procedures (EC 35295-35297; GC 8607 and 3100)

Disaster Plan (See Appendix C-F)

GENERAL: The dismissal of students from the school shall be governed by the emergency procedures outlined in this procedure guide and consistent with the Initial Response System. School Administration and staff will utilize Crisis Go to communicate a disaster event to all personnel and ParentSquare for families. However, this policy does not preclude the exercise of professional judgment by an administrator when the circumstances of the situation indicate dismissal to be in the best interest of the student. Pinetree Community School will follow its internal disaster procedures after adhering to the following District's protocols:

1. Site administration will utilize the CrisisGo app as the signal for classes to go out to their designated locations for fire drills. (CrisisGo will not be used for rostering/check in).

2. Once outside, teachers will take roll and will report to the command center regarding students in their class, any volunteers, and if any student or volunteers are not accounted for. Sample form for reporting purposes.

3. Please radio the district office to confirm you have communication established on Channel 1 for CS, GO, FOR, Channel 2 for LC, MC, MT and Channel 3 for PT, SS, VV on the radio. Please make sure your site radios stay on your SITE CHANNEL throughout the drill. Always start radio conversation with identification, "District Office, This is XXXXXX Community School, do you copy." Response: "This is District Office, go ahead XXXXXX." Always end communication with: "Over and out."

Radio Channels:

- 1- Emergency/Districtwide
- 2- Maintenance & Operations
- 3- Transportation
- 4- Open

4. The search and rescue teams will retrieve the equipment they need from the command center and begin their search. (Refer to site Disaster Plan: Search teams of three should have one person wait at the door while the other two search the room, sticking to the wall perimeter and staying within arms reach.) Search and Rescue teams will only deploy to buildings with a missing person reported. (Principals will plant at least one injured adult somewhere on campus.)

5. While searching, the search and rescue teams will place an / on doors as they enter, and an x on doors after they have cleared them. Schools with two stories need to practice the sled. (Refer to site Disaster Plan: Teams will write on the door tape the military time that they searched the room. They will also mark how many total living (L) and how many total dead (D) are left in the room.) Example:

6. Once search and rescue teams return and the entire site has been searched, you are ready to report your site's status.

Sites, when ready to report, will check in using their designated channel.

Channel 1: CS, GO, FOR

Channel 2: LC, MC, MT

Channel 3: PT, SS, and VV.

Sites should not use channels 1, 2, or 3 for on site communication.

7. When the District responds to your site, please provide your site's status report per the Disaster Drill Check-Off Sheet. Please report in broad categories if no issues:

Students (all clear)

Staff/Volunteers (all clear)

Report any District employees on site by name

Facilities (all clear)

Busses- please report bus number for any busses at your site.

Mass panic can be one of the greatest dangers to students. Staff members should remember that in times of stress, students will look for leadership to those who are normally in an authoritative position. REMAIN CALM, size up the situation and take action based on known facts and plans.

Each teacher MUST KEEP THE REGISTER OR ENROLLMENT SHEET OF PUPILS READILY AVAILABLE AT ALL TIMES. The teacher will remain with students until directed otherwise. Office staff will be responsible for all sign-in sheets accounting for visitors and other District personnel not assigned to the school site.

Schools will follow the attached Reunification Procedures and adhere to all directions from local law enforcement and first responders.

A well-prepared and tested plan for prompt and positive protection minimizes injuries and loss of life in a major disaster. In the absence of orders from the superintendent, each school principal is authorized and directed to implement plans as described herein or take such other action as may be necessary to save lives and mitigate the effects of disasters.

During an emergency period or condition created by a disaster occurrence, students may only be released to a parent, guardian, or other adult specified on the Emergency Data Card. THERE SHALL BE NO EXCEPTIONS TO THIS POLICY.

Emergency Announcements will be provided on the following radio stations: KHTS AM 1220

Adaptations for Students with Disabilities

Students with disabilities who are in general education classes will be supervised by the general education teacher during all safety drills and/or emergencies. Any aides in these classes will also help provide direct supervision and all necessary accommodations. Students with disabilities who are in special education classrooms will be supervised by the special education teacher during all safety drills and/or emergencies. Any aides in these classes will also help provide direct supervision and all necessary accommodations. Students with disabilities who are with Designated Instructional Services (DIS) providers (ex. Speech and Language Pathologist, Occupational Therapist, Adapted Physical Education Teacher) during any safety drills and/or emergencies will remain with the service provider while they walk to the evacuation location of the student's class. Upon finding the student's teacher and class, the teacher and aides will then resume the supervision of the student with the rest of the class. During safety drills and/or emergencies, staff who work directly with students with disabilities may provide them with necessary items to help them stay seated in the proper location and stay calm. If an evacuation of the school property were required in an emergency, the teachers and staff who work directly with students with disabilities would supervise these students during the evacuation. Accommodations/prompts would be given as necessary, such as holding the students' hands, in order to maintain the students' attention and safety. During safety drills and/or emergencies, staff who work with students with disabilities may ask other school staff for assistance, if necessary.

Public Agency Use of School Buildings for Emergency Shelters

Procedures are in place to allow a public agency, including the American Red Cross, to use school buildings, grounds, and equipment for mass care and welfare shelters during disasters or other emergencies affecting the public health and welfare. The district or county office shall cooperate with the public agency in furnishing and maintaining the services as the district or county office may deem necessary to meet the needs of the community.

(C) School Suspension, Expulsion and Mandatory Expulsion Guidelines

The Sulphur Springs Union School District Governing Board has established policies and standards of behavior to promote learning and protect the safety and well-being of all students. When these policies and standards are violated, it may be necessary to suspend or expel a student from regular classroom instruction.

Transgender and Gender-Nonconforming Students

Gender identity of a student means the student's gender-related identity, appearance, or behavior as determined from the student's internal sense, whether or not that gender-related identity, appearance, or behavior is different from that traditionally associated with the student's physiology or assigned sex at birth.

Gender expression means a student's gender-related appearance and behavior, whether stereotypically associated with the student's assigned sex at birth. (Education Code 210.7)

Gender transition refers to the process in which a student changes from living and identifying as the sex assigned to the student at birth to living and identifying as the sex that corresponds to the student's gender identity.

Gender-nonconforming student means a student whose gender expression differs from stereotypical expectations.

Transgender student means a student whose gender identity is different from the gender assigned at birth.

The district prohibits acts of verbal, nonverbal, or physical aggression, intimidation, or hostility that are based on sex, gender identity, or gender expression, or that have the purpose or effect of producing a negative impact on the student's academic performance or of creating an intimidating, hostile, or offensive educational environment, regardless of whether the acts are sexual in nature. Examples of types of conduct which are prohibited in the district and which may constitute gender-based harassment include, but are not limited to:

1. Refusing to address a student by a name and the pronouns consistent with the student's gender identity;
2. Disciplining or disparaging a student or excluding the student from participating in activities for behavior or appearance that is consistent with the student's gender identity or that does not conform to stereotypical notions of masculinity or femininity, as applicable;

3. Blocking a student's entry to the restroom that corresponds to the student's gender identity;
4. Taunting a student because the student participates in an athletic activity more typically favored by a student of the other sex;
5. Revealing a student's transgender status to individuals who do not have a legitimate need for the information, without the student's consent;
6. Using gender-specific slurs; and/or
7. Physically assaulting a student motivated by hostility toward the student because of the student's gender, gender identity, or gender expression.

The district's uniform complaint procedures (AR 1312.3), or Title IX Sexual Harassment Complaint Procedures (AR 5145.71), as applicable, shall be used to report and resolve complaints alleging discrimination against transgender and gender-nonconforming students.

Examples of bases for complaints include, but are not limited to, the above list as well as improper rejection by the district of a student's asserted gender identity, denial of access to facilities that correspond with a student's gender identity, improper disclosure of a student's transgender status, discriminatory enforcement of a dress code, and other instances of gender-based harassment.

To ensure that transgender and gender-nonconforming students are afforded the same rights, benefits, and protections provided to all students by law and Board policy, the district shall address each situation on a case-by-case basis, in accordance with the following guidelines:

1. Right to privacy: A student's transgender or gender-nonconforming status is the student's private information and the district will only disclose the information to others with the student's prior written consent, except when the disclosure is otherwise required by law or when the district has compelling evidence that disclosure is necessary to preserve the student's physical or mental well-being. In any case, the district shall only allow disclosure of a student's personally identifiable information to employees with a legitimate educational interest as determined by the district pursuant to 34 CFR 99.31. Any district employee to whom a student's transgender or gender nonconforming status is disclosed shall keep the student's information confidential. When disclosure of a student's gender identity is made to a district employee by a student, the employee shall seek the student's permission to notify the Compliance Officer. If the student refuses to give permission, the employee shall keep the student's information confidential, unless the employee is required to disclose or report the student's information pursuant to this administrative regulation, and shall inform the student that honoring the student's request may limit the district's ability to meet the student's needs related to the student's status as a transgender or gender-nonconforming student. If the student permits the employee to notify the Compliance Officer, the employee shall do so within three school days.

As appropriate given the student's need for support, the Compliance Officer may discuss with the student any need to disclose the student's transgender or gender-nonconformity status or gender identity or gender expression to the student's parents/guardians and/or others, including other students, teacher(s), or other adults on campus. The district shall offer support services, such as counseling, to students who wish to inform their parents/guardians of their status and desire assistance in doing so.

(cf. 1340 - Access to District Records)

(cf. 3580 - District Records)

2. Determining a Student's Gender Identity: The Compliance Officer shall accept the student's assertion of the student's gender identity and begin to treat the student consistent with that gender identity unless district personnel present a credible and supportable basis for believing that the student's assertion is for an improper purpose.

3. Addressing a Student's Transition Needs: The Compliance Officer shall arrange a meeting with the student and, if appropriate, the student's parents/guardians to identify and develop strategies for ensuring that the student's access to educational programs and activities is maintained. The meeting shall discuss the transgender or gender-nonconforming student's rights and how those rights may affect and be affected by the rights of other students and shall address specific subjects related to the student's access to facilities and to academic or educational support programs, services, or activities, including, but not limited to, sports and other competitive endeavors. In addition, the Compliance Officer shall identify specific school site employee(s) to whom the student may report any problem related to the student's status as a transgender or gender-nonconforming individual, so that prompt action can be taken to address it. Alternatively, if appropriate and desired by the student, the school may form a support team for the student that will meet periodically to assess whether the arrangements for the student are meeting the student's educational needs and providing equal access to programs and activities, educate appropriate staff about the student's transition, and serve as a resource to the student to better protect the student from gender-based discrimination.

4. Accessibility to Sex-Segregated Facilities, Programs, and Activities: When the district maintains sex-segregated facilities, such as restrooms and locker rooms, or offers sex-segregated programs and activities, such as physical education classes, intermural sports, and interscholastic athletic programs, students shall be permitted to access facilities and participate in programs and activities consistent with their gender identity. To address any student's privacy concerns in using sex-segregated facilities, the district shall offer available options, such as a gender-neutral or single-use restroom or changing area, a bathroom stall with a door, an area in the locker room separated by a curtain or screen, or use of the locker room before or after the other students. However, the district shall not require a student to utilize these options because the student is transgender or gender-nonconforming. In addition, a student shall be permitted to participate in accordance with the student's gender identity in other circumstances where students are separated by gender, such as for class discussions, yearbook pictures, and field trips. A student's right to participate in a sex-segregated activity in accordance with the student's gender identity shall not render invalid or inapplicable any other eligibility rule established for participation in the activity.

(cf. 6145 - Extracurricular and Cocurricular Activities)

(cf. 6145.2 - Athletic Competition)

(cf. 6153 - School-Sponsored Trips)

(cf. 7110 - Facilities Master Plan)

Student Records: A student's legal name or gender as entered on the mandatory student record required pursuant to 5 CCR 432 shall only be changed with proper documentation. When a student presents government-issued documentation of a name and/or gender change or submits a request for a name and/or gender change through the process specified in Education Code 49070, the district shall update the student's records. (Education Code 49062.5, 49070) (cf. 5125 - Student Records)

(cf. 5125.1 - Release of Directory Information)

(cf. 5125.3 – Challenging Student Records)

5. Names and Pronouns: If a student so chooses, district personnel shall be required to address the student by a name and the pronouns consistent with the student's gender identity, without the necessity of a court order or a change to the student's official district record. However, inadvertent slips or honest mistakes by district personnel in the use of the student's name and/or consistent pronouns will, in general, not constitute a violation of this administrative regulation or the accompanying district policy.

6. Uniforms/Dress Code: A student has the right to dress in a manner consistent with the student's gender identity, subject to any dress code adopted on a school site.

3. Sexual assault, dating violence, domestic violence, or stalking as defined in 34 CFR 106.2

All complaints and allegations of sex discrimination and sex-based harassment shall be investigated and resolved in accordance with 34 CFR 106.44 and 106.45 and Administrative Regulation 5145.71 - Title IX Sex Discrimination and Sex-Based Harassment Complaint Procedures.

Issues Unique to Intersex, Nonbinary, Transgender and Gender-Nonconforming Students

Gender identity of a student means the student's gender-related identity, appearance, or behavior as determined from the student's internal sense, regardless of whether that gender-related identity, appearance, or behavior is different from that traditionally associated with the student's physiology or assigned sex at birth.

Gender expression means a student's gender-related appearance and behavior, whether stereotypically associated with the student's assigned sex at birth. (Education Code 210.7)

Gender transition refers to the process in which a student changes from living and identifying as the sex assigned to the student at birth to living and identifying as the sex that corresponds to the student's gender identity.

Intersex student means a student with natural bodily variations in anatomy, hormones, chromosomes, and other traits that differ from expectations generally associated with female and male bodies.

Nonbinary student means a student whose gender identity falls outside of the traditional conception of strictly either female or male, regardless of whether the student identifies as transgender, was born with intersex traits, uses gender-neutral pronouns, or uses agender, genderqueer, pangender, gender nonconforming, gender variant, or such other more specific term to describe their gender.

Transgender student means a student whose gender identity is different from the gender assigned at birth.

The district prohibits acts of verbal, nonverbal, or physical aggression, intimidation, or hostility that are based on sex, sex stereotypes, sex characteristics, sexual orientation, gender identity, or gender expression or that have the purpose or effect of producing a negative impact on the student's academic performance or of creating an intimidating, hostile, or offensive educational environment, regardless of whether the acts are sexual in nature. Examples of the types of conduct that are prohibited in the district and which may constitute sex-based hostile environment harassment include, but are not limited to:

1. Refusing to address a student by a name and the pronouns consistent with the student's gender identity
2. Disciplining or disparaging a student or excluding the student from participating in activities, for behavior or appearance that is consistent with the student's gender identity or that does not conform to stereotypical notions of masculinity or femininity, as applicable

6. Using gender-specific slurs
7. Assaulting a student because of the student's gender, sex characteristic, sexual orientation, gender identity, or gender expression

To ensure that intersex, nonbinary, transgender, and gender-nonconforming students are afforded the same rights, benefits, and protections provided to all students by law and Board policy, the district shall address each situation on a case-by-case basis, in accordance with the following guidelines:

1. Right to privacy: A student's intersex, nonbinary, transgender, or gender-nonconforming status is the student's private information

The district shall develop strategies to prevent unauthorized disclosure of students' private information. Such strategies may include, but are not limited to, collecting or maintaining information about student gender only when relevant to the educational program or activity, protecting or revealing a student's gender identity as necessary to protect the health or safety of the student, and keeping a student's unofficial record separate from the official record.

The district shall only disclose the information to others with the student's prior written consent, except when the disclosure is otherwise required by law or when the district has compelling evidence that disclosure is necessary to preserve the student's physical or mental well-being. (Education Code 220.3, 220.5; 34 CFR 99.31, 99.36)

The district shall only allow disclosure of a student's personally identifiable information to employees in accordance with law. Any district employee to whom a student's intersex, nonbinary, transgender, or gender-nonconforming status is disclosed shall keep the student's information confidential. When disclosure of a student's gender identity is made to a district employee by a student, the employee shall seek the student's permission to notify the Compliance Officer. If the student refuses to give permission, the employee shall keep the student's information confidential, unless the employee is required to disclose or report the student's information pursuant to this administrative regulation, and shall inform the student that honoring the student's request may limit the district's ability to meet the student's needs related to the student's status as an intersex, nonbinary, transgender, or gender-nonconforming student. If the student permits the employee to notify the Compliance Officer, the employee shall do so within three school days.

As appropriate given the student's need for support, the Compliance Officer may discuss with the student any need to disclose the student's intersex, nonbinary, transgender, or gender-nonconformity status or gender identity or gender expression to the student's parents/guardians and/or others, including other students, teacher(s), or other adults on campus. The district shall offer support services, such as counseling, to students who wish to inform their parents/guardians of their status and request assistance in doing so.

2. Determining a Student's Gender Identity: The Compliance Officer shall accept the student's assertion of gender identity and begin to treat the student consistent with that gender identity unless district personnel present a credible and supportable basis for believing that the student's assertion is for an improper purpose

3. Addressing a Student's Transition Needs: The Compliance Officer shall arrange a meeting with the student and, if appropriate, the student's parents/guardians to identify and develop strategies for ensuring that the student's access to educational programs and activities is maintained

The meeting shall discuss the intersex, nonbinary, transgender, or gender-nonconforming student's rights and how those rights may affect and be affected by the rights of other students and shall address specific subjects related to the student's access to facilities and to academic or educational support programs, services, or activities, including, but not limited to, sports and other competitive endeavors. In addition, the Compliance Officer shall identify specific school site employee(s) to whom the student may report any problem related to the student's status as an intersex, nonbinary, transgender, or gender-nonconforming individual, so that prompt action can be taken to address it. Alternatively, if appropriate and desired by the student, the school may form a support team for the student that will meet periodically to assess whether the arrangements for the student are meeting the student's educational needs and providing equal access to programs and activities, educate appropriate staff about the student's transition, and serve as a resource to the student to better protect the student from gender-based discrimination.

4. Accessibility to Sex-Segregated Facilities, Programs, and Activities: When the district maintains sex-segregated facilities, such as restrooms and locker rooms, or offers sex-segregated programs and activities, such as physical education classes, intermural sports, and interscholastic athletic programs, students shall be permitted to access facilities and participate in programs and activities consistent with their gender identity

To address any student's privacy concerns in using sex-segregated facilities, the district shall offer available options such as a gender-neutral or single-use restroom or changing area, a bathroom stall with a door, an area in the locker room separated by a curtain or screen, or use of the locker room before or after the other students. However, the district shall not require a student to utilize these options because the student is intersex, nonbinary, transgender, or gender-nonconforming. In addition, a student shall be permitted to participate in accordance with the student's gender identity in other circumstances where students are separated by gender, such as for class discussions, yearbook pictures, and field trips. A student's right to participate in a sex-segregated activity in accordance with the student's gender identity shall not render invalid or inapplicable any other eligibility rule established for participation in the activity.

Beginning July 1, 2026, each school shall provide and maintain at least one all-gender restroom for student use that meets the requirements of Education Code 35292.5.

5. Student Records: Upon each student's enrollment, the district is required to maintain a mandatory permanent student record (official record) that includes the student's gender and legal name

A student's gender as entered on the student's official record required pursuant to 5 CCR 432 shall only be changed with written authorization of a parent/guardian having legal custody of the student. (Education Code 49061)

However, when proper documentation or authorization, as applicable, is not submitted with a request to change a student's legal name or gender, any change to the student's record shall be limited to the student's unofficial records such as attendance sheets, report cards, and school identification.

6. Names and Pronouns: If a student so chooses, district personnel shall be required to address the student by a name and the pronoun(s) consistent with the student's gender identity, without the necessity of a court order or a change to the student's official district record

(F) School-wide Dress Code Relating to Gang-Related Apparel (EC 35183)

School dress codes are regularly reviewed by the School Site Council and/or School Safety Committee following these Board of Education policies:

BP 5132: Dress And Grooming

The Governing Board believes that appropriate dress and grooming contribute to a productive learning environment. The Board expects students to wear clothing that is suitable for the school activities in which they participate. Students shall not wear clothing that presents a health or safety hazard or causes a substantial disruption to the educational program.

District and school rules pertaining to student attire shall be included in student handbooks, may be posted in school offices and classrooms, and may be periodically reviewed with all students as necessary.

Students shall not be prohibited from dressing in a manner consistent with their gender identity or gender expression or with their religious or cultural observance.

In addition, the dress code shall not discriminate against students based on hair texture and protective hairstyles, including, but not limited to, braids, locks, and twists. (Education Code 212.1)

The principal or designee is authorized to enforce this policy and shall inform any student who does not reasonably conform to the dress code. The dress code shall not be enforced in a manner that discriminates against a particular viewpoint or results in a disproportionate application of the dress code based on students' gender, sexual orientation, race, ethnicity, household income, or body type or size.

School administrators, teachers, and other staff shall be notified of appropriate and equitable enforcement of the dress code.

When practical, students shall not be directed to correct a dress code violation during instructional time or in front of other students.

Repeated violations or refusal to comply with the district's dress code may result in disciplinary action.

Gang-Related Apparel

The principal, staff, and parents/guardians at a school may establish a reasonable dress code that prohibits students from wearing gang-related apparel when there is evidence of a gang presence that disrupts or threatens to disrupt the school's activities. Such a proposed dress code shall be presented to the Board, which shall approve the plan upon determining that it is necessary to protect the health and safety of the school environment. The dress code policy may be included in the school's comprehensive safety plan. (Education Code 35183)

When determining specific items of clothing that may be defined as gang apparel, the school shall ensure that the determination is free from bias based on race, ethnicity, national origin, immigration status, or other protected characteristics.

Uniforms

The Board may approve a school-initiated dress code requiring students at the school to wear a school uniform whenever the Board determines that such a dress code will promote student achievement, a positive school climate, and/or student safety.

The Superintendent or designee shall establish procedures whereby parents/guardians may choose to have their children exempted from the school uniform policy. Students shall not be penalized academically, otherwise discriminated against, or denied attendance to school if their parents/guardians so decide. (Education Code 35183)

The Superintendent or designee shall ensure that resources are identified to assist economically disadvantaged students in obtaining uniforms. (Education Code 35183)

AR 5132 Dress And Grooming

In cooperation with teachers, students, and parents/guardians, the principal or designee may establish school rules governing student dress and grooming which are consistent with law, Board policy, and administrative regulations. These school dress codes shall be regularly reviewed.

The following guidelines shall apply to all regular school activities:

1. Clothing, jewelry, and personal items shall be free of writing, pictures, or any other insignia which is vulgar, lewd, obscene, profane, or sexually suggestive or which promotes the use of alcohol, drugs, tobacco, or other illegal activity.

2. Appropriate shoes must be worn at all times. Sandals must have heel straps. Flip-flops or backless shoes or sandals are not acceptable.

3. Hats, caps, and other head coverings shall not be worn indoors.

4. Clothes shall be sufficient to conceal undergarments. See-through tops and bare abdomens are prohibited.

The dress code shall be modified as appropriate to accommodate a student's religious or cultural observance, health condition, or other circumstance deemed necessary by the principal or designee. In addition, the principal or designee may impose dress requirements to accommodate the needs of special school activities, physical education classes, athletic activities, and other extracurricular and cocurricular activities.

No grade of a student participating in a physical education class shall be adversely affected if the student does not wear standardized physical education apparel because of circumstances beyond the student's control. (Education Code 49066)

Students shall be allowed to wear sun-protective clothing, including but not limited to hats, for outdoor use during the school day. (Education Code 35183.5)

Gang-Related Apparel

At individual schools that have a dress code prohibiting gang-related apparel at school or school activities, the principal, staff, and parents/guardians participating in the development of the school safety plan shall define "gang-related apparel" and shall limit this definition to apparel that reasonably could be determined to threaten the health and safety of the school environment if it were worn or displayed on a school campus. (Education Code 32282)

Because gang-related symbols are constantly changing, definitions of gang-related apparel shall be reviewed at least once each semester and updated whenever related information is received. As necessary, the school shall collaborate with law enforcement agencies to update definitions of gang-related apparel.

Uniforms

In schools that require a schoolwide uniform, the principal, staff, and parents/guardians of the school shall jointly select the specific uniform to be worn. (Education Code 35183)

At least six months before a school uniform policy is implemented, the principal or designee shall notify parents/guardians of this policy. (Education Code 35183)

Parents/guardians shall also be informed of their right to have their child exempted.

The Superintendent or designee shall establish criteria for determining student eligibility for financial assistance when purchasing uniforms.

Students who participate in a nationally recognized youth organization shall be allowed to wear organization uniforms on days when the organization has a scheduled meeting. (Education Code 35183)

A written request from a parent or guardian must be submitted if someone other than the parent or someone on the emergency card is going to pick up a child. The school will verify the signature on the letter to the signature on the emergency information card. These requests must first be verified by picture ID of the parent or guardian. Persons picking up students during the school day must sign the student out in the front office. They must be at least 18 years of age and provide a valid ID. Opioid Prevention and Life-Saving Response Procedures

Opioid Overdose

What are the signs of an opioid overdose?

During an overdose, a person's breathing can be dangerously slowed or stopped, causing brain damage or death. It's important to recognize the signs and act fast, even before emergency workers arrive. Signs of an overdose may include:

- Small, constricted "pinpoint pupils"
- Falling asleep or loss of consciousness
- Limp body
- Slow, shallow breathing
- Choking or gurgling sounds

What to do if you think someone has overdosed on opioids:

1. Call 911 immediately.
2. Give naloxone as quickly as possible, if available. Do not wait for emergency workers to arrive before giving naloxone.
3. Try to keep the person awake and breathing.
4. Lay the person on their side to prevent choking.
5. Stay with the person until emergency workers arrive.
6. Naloxone is a temporary treatment. More than one dose might be needed under some circumstances, especially if an overdose event involves illicitly manufactured fentanyl and fentanyl-related substances.

How to use NARCAN Nasal Spray:

Step 1. Lay the person on their back to receive a dose of NARCAN Nasal Spray.

Step 2. Remove NARCAN Nasal Spray from the box. Peel back the tab with the circle to open the NARCAN Nasal Spray.

Step 3. Hold the NARCAN Nasal Spray with your thumb on the bottom of the red plunger and your first and middle fingers on either side of the nozzle.

Step 4. Tilt the person's head back and provide support under the neck with your hand. Gently insert the tip of the nozzle into one nostril until your fingers on either side of the nozzle are against the bottom of the person's nose.

Step 5. Press the red plunger firmly to give the dose of NARCAN Nasal Spray.

Step 6. Remove the NARCAN Nasal Spray from the nostril after giving the dose.

Step 7. Get emergency medical help right away:

- Move the person on their side (recovery position) after giving NARCAN Nasal Spray.
- Watch the person closely.
- If the person does not respond by waking up, to voice or touch, or breathing normally, another dose may be given. If available, NARCAN Nasal Spray may be dosed every 2 to 3 minutes.
- Repeat Steps 2 through 6 using a new NARCAN Nasal Spray to give another dose in the other nostril. If additional NARCAN Nasal Sprays are available, Steps 2 through 6 may be repeated every 2 to 3 minutes

until the person responds or emergency medical help is received.

Step 8. Put the used NARCAN Nasal Spray back into its box.

Step 9. Throw away (dispose of) the used NARCAN Nasal Spray in a place that is away from children.

Response Procedures for Dangerous, Violent, or Unlawful Activity

California SB 553 requires California employers to establish, implement, and maintain at all times in all work areas an effective Workplace Violence Protection Plan (WVPP). The WVPP, as a component of SSUSD's Injury and Illness Prevention Program, is intended to establish a framework for protecting SSUSD employees from workplace violence. The WVPP contains effective procedures for the District to accept and respond to reports of workplace violence, and to prohibit retaliation against an employee who makes such a report. The WVPP also contains effective procedures to communicate with employees regarding workplace violence matters, and effective procedures to respond to actual or potential workplace violence emergencies. The WVPP is available at all school and District offices, as well as the District website.

District and/or site administrator will adhere to the following established procedures outlined in Emergency Procedures.

Safety Plan Review, Evaluation and Amendment Procedures

A Safety Committee is created each school year under the guidance of our School Site Council. The purpose of the committee is to review the Safety Plan on a continual basis and make any amendments which are deemed necessary in order to ensure the site is adhering to the highest standards. The committee meets on a regular basis and is made up of school staff and parents. All changes are brought to the attention of the entire staff at staff meetings and through emails. A community and educational partner meeting is held annually for review and input.

Pinetree Community School Incident Command System

Incident Command Team Responsibilities

Standardized Emergency Response Management System Overview

The California Standardized Emergency Management System (SEMS) is designed to centralize and coordinate emergency response through the use of standardized terminology and processes. This greatly facilitates the flow of information and resources among the agencies participating in response to an emergency. SEMS consists of five functions: listed below.

Management

During an emergency, the Incident Commander directs response actions from a designated Command Post. To effectively do this, the Incident Commander must constantly assess the situation, and develop and implement appropriate strategies. The Incident Commander must be familiar with the available resources, accurately document all response actions, and effectively communicate response strategies to others participating in the response. This function is typically filled by the school principal. The principal is assisted in carrying out this function by a Public Information & Liaison Officer and Safety Officer.

Planning & Intelligence

Planning and Intelligence involves the use of various methods to efficiently gather information, weigh and document the information for significance, and actively assess the status of the emergency. This understanding and knowledge about the situation at hand is vital to the effective management of a response. These activities are performed by a single person who reports directly to the Incident Commander.

Operations

All response actions are implemented under by Operations. This includes staff performing first aid, crisis intervention, search and rescue, site security, damage assessment, evacuations, and the release of students.

Logistics

Logistics supports the response by coordinating personnel; assembling and deploying volunteers; providing supplies, equipment, and services; and facilitating communications among emergency responders.

Finance & Administration

Finance & Administration involves the purchasing of all necessary materials, tracking financial records, timekeeping for emergency responders, and recovering school records following an emergency. These activities are performed by a single person who reports directly to the Incident Commander.

Emergency Response Guidelines

Step One: Identify the Type of Emergency

It is important to note that school administrators are responsible for the health and safety of students and staff during an emergency. Although the following procedures refer to specific actions, school administrators must exercise discretion in implementing standardized procedures and should consider modifications as necessary to ensure the health and safety of all personnel during an emergency.

These might include: Earthquake, Hazardous materials, Flooding, Fire, Dam Failure, Transportation Incident (Air, Train, Truck), School Disturbance, School Violence, Terrorism, Tsunami, and Public Health Emergency.

Step Two: Identify the Level of Emergency

The Sulphur Springs Union School District emergency response and recovery operations will be managed in one of three modes, depending on the magnitude of the emergency/disaster.

*Level 1 is a minor incident that is quickly resolved and internal resources or limited help. The District will maintain normal staffing and reporting protocols. At this operational level, the environment is monitored for changes.

*Level 2 is a more significant emergency that impacts district buildings and or school sites. For level 2 the Emergency Operations Plan (EOP) is activated. The Emergency Operations Center (EOC) will be activated but only those functions that are needed to coordinate and support emergency operations will be activated. The EOC Director will determine the magnitude of the emergency and coordinate its resolution or, if the emergency continues to develop, a Level 3 response will be activated. Other key staff may be alerted, depending on the nature of the emergency.

*Level 3 is a disaster that involves the entire District, school sites and the surrounding community. At Level 3, the EOP is activated, and the entire District Emergency management organization is activated.

Step Three: Determine the Immediate Response Action

The staff and students response to any emergency/disaster is based on an understanding of the nature of the emergency/disaster, the potential hazards, the likely response services and knowledge of what individuals and groups should do to increase their chances of survival and recovery. Immediate action responses may include: Drop cover and hold, Shelter in place, Lock down, Campus Evacuation, Off Campus Evacuation, and/or All Clear.

Step Four: Communicate the Appropriate Response Action

Based on the Emergency, we would activate members of the Emergency Incident Command System. Pending level of Emergency communication locally is reported to parents via the ParentSquare system. Significant Emergencies are then reported by the District.

Types of Emergencies & Specific Procedures

Aircraft Crash

1. Call 911 to report the crash. Designate whether private or commercial.
2. Notify the District Office.
3. Establish a Command Post and activate the Incident Command System.
4. Determine if any staff or students are in immediate danger. If necessary, evacuate to a safe area. All others are to remain at their assigned locations.
5. Render first aid as necessary.
6. Take roll and report results to the principal.
7. Assist emergency responders and coordinate activities accordingly.
8. Once civil/military responders have taken charge of the accident area, coordinate the release of students (if necessary) with the District Office.

Animal Disturbance

The children, staff, and Pinetree community members will be moved to a safe area when an animal is present, near, or on campus. If possible, the campus custodian may assist in securing the animal from harming itself or others. The animal may be confined to a secured area until it is removed from the campus by animal control.

A soft lockdown may be necessary to secure the campus. District and/or site administration will notify staff using CrisisGo and follow the Lockdown procedures attachment.

Armed Assault on Campus

1. Call 911
2. Institute Lockdown - Hard lockdown procedures and shelter in place
3. Remain on Lockdown until "All Clear" is instituted by the Sheriff's Department.

Biological or Chemical Release

1. If you are notified of potentially hazardous release or accident, notify the Superintendent immediately.
2. Render first aid as necessary.
3. Establish a Command Post and implement the Incident Command System.
4. The decision to evacuate the site will be made by the Superintendent based on the recommendations of the principal and/or by competent civil authority.
5. If an evacuation order is imminent, move students and staff to a designated evacuation/shelter area. If evacuation is not imminent, students and staff should remain in classrooms or in assigned areas.
6. Until ordered to evacuate, assume that a "shelter-in-place strategy" will be employed and do the following:
 - A) Direct all students and staff to remain indoors.
 - B) Direct all heating and ventilation systems to be shut down.
 - C) Direct that all windows be closed.

Bomb Threat/ Threat Of violence

1. The receiving person should attempt to keep the caller on the line and complete the form entitled "Bomb Threat Report." If necessary, another identified person will be responsible for calling 911.
2. Contact the Sheriff's Department and the District Office.
3. Establish a command post.
4. If appropriate, send staff a written message to search their own classroom.
5. If deemed necessary, evacuate. Determine if you will evacuate prior to conducting a search.
6. DO NOT use radios or cellular telephones.
7. An organized search of the campus should be conducted under the direction of the principal or law enforcement agencies.
8. Activate the Incident Command System; Hazard Control Unit.

9. In the event that a suspicious object is located, all personnel should be kept clear of the area until law enforcement agencies have evaluated the conditions.
10. Return to your normal routine only when the principal and the law enforcement agencies are confident that any threat has passed.

Bus Disaster

The following procedures are for use by bus drivers and appropriate school administrators in the event of an earthquake, serious bus accident, or other emergency that occurs while students are on a field trip or being transported to or from school.

This section addresses two possible scenarios involving a bus disaster:

- (1) an earthquake and
- (2) a serious accident or bus fire. It is important to note that drivers may need to make spontaneous, independent decisions based on the nature of the emergency, age of the children, location of the bus, and other unique circumstances to ensure children's safety.

Procedure Scenario 1 – Earthquake

1. Upon first indication of an earthquake, the bus driver should issue Drop, Cover, and Hold procedures to all students on the bus.
2. The bus should be moved away from all power lines, bridges, overpasses, possible landslide conditions, overhanging trees, or other dangerous situations.
3. The bus driver should set the emergency brake, turn off the ignition, and wait for the shaking to stop.
4. The bus driver should check students for any injuries and provide first aid, as appropriate.
5. In the event the bus is disabled, the driver and students should stay in place until help arrives.
6. The bus driver should contact the School Administrator and the District Transportation Manager to report the location and condition of students on the bus.
7. The School Administrator will determine what additional appropriate notifications should be made and will brief the District Superintendent on the situation.
8. If the bus driver is instructed to resume the bus route, the driver should continue to pick students up. Students should only be dropped off if a responsible adult is at the bus stop.
9. If it is impossible to return to school, the bus driver should contact the School Administrator and remain with the children until further instructions are received.
10. The bus driver is responsible for all students who board the bus throughout the emergency.

Scenario 2 – Serious Accident or Bus Fire

1. The bus driver will park the bus in a safe location with the emergency brake set and the ignition off.
2. In the event of a fire, students and the driver should evacuate the bus immediately and move to a safe location away from the bus and traffic using available barricades (e.g., trees, cars) when available.
3. The bus driver will immediately call 9-1-1 and provide the exact location of the bus and wait for the arrival of emergency response personnel.
4. The bus driver should check students for injuries and provide appropriate first aid.
5. The bus driver should call the School Administrator and the District Transportation Director (refer to the Essential Contacts in the Appendices of this Plan) to report the location and condition of students.
6. The School Administrator will determine what additional appropriate notifications should be made and will brief the District Superintendent on the situation.
7. The bus driver is responsible for accounting for all students throughout the emergency.

Disorderly Conduct

1. Consult with the Sheriff Department and the District to coordinate appropriate protection.
2. Establish a Command Post and an Incident Command System. Notify the Superintendent.
3. Inform teachers and staff of the emergency situation. Initiate a "Hard Lockdown" if required.
4. Do not release staff or students without authorization.
5. Screen all persons entering campus. A government issued picture ID (IE: drivers license) will be required.
6. All students and staff are to remain in their respective classrooms and work areas.
7. Lock all doors and windows and close all window blinds or curtains.
8. Avoid window areas.

9. When the emergency is over, signal all clear.

Emergencies may result in the following conditions:

- Temporary disruption of regular school functions and routines
- Significant interference with the ability of students and staff to focus on learning
- Physical and/or psychological injury to students and staff
- Concentrated attention from the community and news media

As a result, students and staff may exhibit a variety of psychological reactions. Once the physical safety of those involved has been ensured, attention must focus on meeting the emotional and psychological needs of students and staff.

Procedure:

1. The School Administrator will contact the District Superintendent to establish a Crisis Intervention Team, which has primary responsibility for providing necessary assistance after all types of crises.
