## Sulphur Springs Community Elementary

The School Accountability Report Card (SARC), which is required by law to be published annually, contains information about the condition and performance of each California public school. More information about SARC requirements is available on the SARC Web page at [www.cde.ca.gov/ta/ac/sa/](http://www.cde.ca.gov/ta/ac/sa/). For additional information about the school, parents and community members should contact the school principal or the district office.

#### Principal's Message (2009-10 School Year)

This section provides information about the school, its programs and its goals.

Sulphur Springs Community School is nestled in the foothills of Santa Clarita, California, about 40 miles northeast of Los Angeles. Established by Colonel Mitchell in 1872, Sulphur Springs Community School has played an important role in the history of the Santa Clarita Valley. At present, Sulphur Springs is the oldest active school in Los Angeles County. Our state-of-the-art facility bears little resemblance to its humble beginnings as a one room adobe school house. Our spacious campus is located in a park like setting distinguished by Heritage Oaks.

A visit to Sulphur Springs School reveals an environment where high expectations, positive morale, dedication to the highest quality education and a sense of camaraderie are prevalent. An exciting spirit of cooperation exists at Sulphur Springs School. The outstanding staff continues to be on the cutting edge in providing educational instruction for our students.

Sulphur Springs currently educates a student population of 705 students, on a Blended Calendar. We have 27 regular classrooms and two Special Day classes. Our support staff includes a Speech and Language Specialist, Resource Teacher, School Psychologist, Adaptive P.E. Teacher, Occupational Therapist, and a Deaf and Hard of Hearing Specialist. We also have a contract with Cultivating

Creative Minds for music instruction. The EL aide supports EL students on a regular basis and consistently supports our Hispanic families by talking with them and providing translation when needed.

Our continuing educational goal is to meet the diverse educational needs of all students. Sulphur Springs Community School is a leader among California's elementary schools. We received the California Distinguished School Award in 1997, 2002, and 2006. All students are provided a challenging curriculum aligned with the California State Standards. Effective use of a wide range of teaching strategies and a variety of high quality, readily available materials bring this curriculum to life.

Class size reduction implementation continues in K-3<sup>rd</sup> grade classes on a modified basis. Reading instruction in primary grades is enhanced by the implementation Star Early Literacy, Systematic ELD Instruction, and flexible grouping. Upper instruction is enhanced by Accelerated Reader, STAR Diagnostic Testing, Math Facts in a Flash, English in a Flash, and Systematic ELD instruction. The importance of technology continues to be a significant focus. Students, staff and community view and utilize technology as a tool in school, work and life. The use of technology is integrated throughout the curriculum and enhances school operations. We continually seek innovative means to expand and update our existing technology. Every student K-6 has supervised access to the Internet. Staff, students and the community participate in training aimed at increasing computer literacy and the ability to access meaningful information. Smart Boards are used in the computer lab, science lab and in all classrooms. Students receive hands-on, enriched, standards-based lessons in the state-of-the-art Science Lab.

School pride is evident throughout the campus. At monthly assemblies students are recognized for their accomplishments. Every Friday students and staff are attired in their spirit wear. Student Council has a variety of "spirit" days scheduled during the school year from "twin day" to "crazy hat day." There exists a strong sense of pride, commitment and caring among the staff, students and the community of Sulphur Springs School.

Parent support and involvement in all aspects of our school is a proud tradition of the Sulphur Springs community. For the past 57 years the P.T.A.'s Founder's Day Celebration has recognized the outstanding accomplishments of staff and community members. Other Sulphur Springs traditions include a district-wide holiday breakfast, Fall Carnival, Visual Arts Exhibit, Volunteer Tea, Student Talent Show, and the Annual Mustang Roundup, a fund-raising auction. Classroom volunteers are seen working in classrooms all over the campus.

Sulphur Springs School makes a concentrated effort to ensure that students, parents and staff feel a sense of belonging. A component to Sulphur Springs' success is its rich history of community involvement. Even as our community continues to change and grow, we are confident our "tradition of family" will remain strong.

## Parental Involvement (2009-10 School Year)

This section provides information about opportunities for parents to become involved with school activities.

Our parents are involved in many aspects of our school. The Sulphur Springs PTA, our largest parent organization, sponsors and plans many of our school events such as the annual Fall Carnival, Father Daughter Dance, Mother Son Night, Red Ribbon Week, Holiday Boutique, and our largest fund raising event, The Mustang Roundup. Each classroom has a room parent to help the teacher to communicate with other parents regarding classroom activities. Our Site Council and ELAC (English Language Advisory Committee) also have parent participation to review our Single School Plan and School Safety Plan. Parents volunteer in the office, library, and classrooms on a daily basis.

## II. School Safety and Facilities

### School Safety Plan (2009-10)

This section provides information about the school's comprehensive safety plan.

Date School Safety Plan last reviewed:	1/26/10
--	---------

Every student and staff member has the right to attend a safe school where he or she is free from physical or psychological harm. The School Safety Plan includes:

- School disaster procedures and a comprehensive plan
- Guidelines to ensure a safe teaching and learning environment
- Guidelines to promote safe travel to and from school
- District and community resources for students and parents
- Guidelines to promote an environment where students, parents, staff and the community communicate in a manner that is respectful to all cultural, racial, and religious backgrounds.
- If a crisis situation was to occur, the special education department or designee would mobilize the school psychologists to assist staff and students during and after the crisis.

## School Facility Conditions

This section provides information about the condition of the school's grounds, buildings, and restrooms, and a description of any planned or recently completed facility improvements.

Our campus has 24 classrooms, 11 relocatable classrooms, a library, computer lab, science lab, and a track. The school was remodeled most recently in 1987. The students are well supervised by classified staff on the playground before school, at recess, and during lunch time. The two full time custodians work to make sure our school is clean and safe for the students and staff.

## III. Curriculum and Academics

### Quality, Currency, and Availability of Textbooks and Instructional Materials (2010-11 School Year)

This section provides information about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school, and information about the school's use of any supplemental curriculum or non-adopted textbooks or instructional materials.

All students, including English Language Learners, receive textbooks adopted from the most recent state approved list. All textbooks are consistent with the content and cycles of the curriculum frameworks adopted by the California State Board of Education.

In the Sulphur Springs School District, the adoption process begins with a committee of teachers, parents and administrators representing each school in the district. Much time is spent learning the standards and deciding upon the criteria to use when selecting the textbook. Once the criteria for selection has been decided then the publishing companies are invited to come and present their programs to the adoption committee. Members of the adoption committee spend hours perusing the books and extra materials looking for the program that will best meet the needs of all of our students. Once the committee feels comfortable with a program or two, sets of the materials are sent to each school site. At this time all teachers and parents are invited to come and preview the materials for themselves. Input from this preview is collected by the committee members and studied.

Finally the adoption committee makes a recommendation to the board based on the criteria designed prior to reviewing any programs, information from the previews and the hours spent studying and comparing the available programs. The adoption committee makes their recommendation to the Board of Trustees at a regularly scheduled board meeting. Once the board approves the textbook, materials are ordered and staff development is planned to provide all teachers with information about the new program and how to use it in their classrooms during the next school year.

It is the goal of the State Board of Education as well as the Sulphur Springs Board of Trustees that any instructional materials used in the Sulphur Springs schools meet the California Content Standards and be appropriate for use in all of our classrooms.

## Standardized Testing and Reporting Program

The Standardized Testing and Reporting (STAR) Program consists of several key components, including the California Standards Tests (CSTs); the California Modified Assessment (CMA), and the California Alternate Performance Assessment (CAPA). The assessments under the STAR program show how well students are doing in relation to the state content standards. The CSTs include English-language arts (ELA) and mathematics in grades two through eleven; science in grades five, eight, and nine through eleven; and history-social science in grades eight, and nine through eleven. The CAPA includes ELA and mathematics in grades two through eleven, and science for grades five, eight, and ten. The CAPA is given to those students with significant cognitive disabilities whose disabilities prevent them from taking either the CSTs with accommodations or modifications or the CMA with accommodations. The CMA is an alternate assessment that is based on modified achievement standards in ELA for grades three through nine, mathematics for grades three through seven and Algebra I and science in grades five, eight, and ten. The CMA is designed to assess those students whose disabilities preclude them from achieving grade-level proficiency on an assessment of the California content standards with or without accommodations. On each of these assessments, student scores are reported as performance levels. Detailed information regarding the STAR Program results for each grade and performance level, including the percent of students not tested, can be found on the CDE Standardized Testing and Reporting (STAR) Results Web site at <http://star.cde.ca.gov>.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.

## California Physical Fitness Test Results (School Year 2009-10)

The California Physical Fitness Test is administered to students in grades 5, 7, and 9 only. This table displays by grade level the percent of students meeting the healthy fitness zone on all six fitness standards for the most recent testing period. Detailed information regarding this test, and comparisons of a school's test results to the district and state levels, may be found at the Physical Fitness Testing Web page at <http://www.cde.ca.gov/ta/tg/pf/>. Note: Scores are not shown when the number of students tested is 10 or less, either because the number of students in this category is too small for statistical accuracy, or to protect student privacy. ## Academic Performance Index

The Academic Performance Index (API) is an annual measure of the academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. Detailed information about the API can be found at the API Web page at <http://www.cde.ca.gov/ta/ac/ap/>.

## API Ranks – Three-Year Comparison

This table displays the school's statewide and similar schools API ranks. The statewide API rank ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest 10 percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest 10 percent of all schools in the state. The similar schools API rank reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing 10 schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

## Adequate Yearly Progress

The federal NCLB Act requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in English-language arts (ELA) and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

Detailed information about AYP, including participation rates and percent proficient results by student group, can be found at the AYP Web page <http://www.cde.ca.gov/ta/ac/ay/>.

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (English-language arts or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. ### Core Academic Classes Taught by No Child Left Behind Compliant Teachers (2009-10 School Year)

This table displays the percent of classes in core academic subjects taught by No Child Left Behind (NCLB) compliant and non-NCLB compliant teachers in the school, in all schools in the district, in high-poverty schools in the district, and in low-poverty schools in the district. High poverty schools are defined as those schools with student participation of approximately 75 percent or more in the free and reduced price meals program. Low poverty schools are those with student participation of approximately 25 percent or less in the free and reduced price meals program. More information on teacher qualifications required under NCLB can be found on the CDE Improving Teacher and Principal Quality Web page at <http://www.cde.ca.gov/nclb/sr/tq/>.

## Professional Development

This section provides information on how teachers and staff are trained for instructional improvement.

The Sulphur Springs School District is firmly committed to the continual development and improvement of its teachers. To this end, the district provides professional development activities and training to enhance teacher effectiveness annually. During the 2009-2010 school year all teachers were provided with the opportunity to attend conferences, workshops, seminars, and other staff development opportunities. Each Tuesday students were released one hour early to provide teachers with site-based professional development opportunities that include site-based training, grade level collaborative planning, and independent planning. Numerous staff meetings focused on analyzing student performance of state and local assessments and how to modify instruction to better meet students' needs. Staff development topics covered all curriculum areas although there was an emphasis on reading, writing, supporting English learners, assessment, science and diversity.

## Professional Development Days

This table displays information on the annual number of school days dedicated to staff development for the most recent three-year period.

## VI. Data and Access

### DataQuest

DataQuest is an online data tool located at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g. Academic Performance Index [API], Adequate Yearly Progress [AYP], test data, enrollment, graduates, dropouts, course enrollments, staffing, and data regarding English learners).

### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
